WEEKLY ACTIVITIES & STATUS REPORT FOR THE DD/ICS--29 January 1986

CIPC Organizational Activities

- We received our CIPC study agenda from the DCI--Attachment 1. He approved all but two of the topics--Nuclear and CBW Terrorism and Third World Instability--see Attachment 2 for our projected 1986 study agenda.
- The CIPC members have approved the MASINT paper. We are presently finalizing it for you to forward to the DCI recommending his approval. *Dove*
- Our CIPC Staff conference has been scheduled for 31 March-1 April at
- There still has been no word from the DCI's office on the  Study.
  - Paul has learned that a DoD memorandum to be signed by Under Secretaries Ikle and Hicks will be forwarded to the Air Force Defense Science Board and the IC Staff requesting documentation for use in preparing their response to  The memorandum will request that they be provided studies relating to the strategic relocatable targets problem. Should studies not be available, we will be asked to state what we have found so far during our deliberations on the subject. The memorandum will also request a response by 6 February.
- The CSEM-FIRF paper will soon be forwarded for your consideration.

WEEKLY ACTIVITIES & STATUS REPORT FOR THE DD/ICS--29 January 1986 (cont.)

- At the DDI staff meeting on 28 January, Bob Gates announced the appointment of William R. Kotapish as the new NIO/Narcotics, effective 3 February. Charlie Allen will remain NIO/Counterterrorism. This move formalizes the CIPC recommendation which called for full-time NIOs in both positions.

Narcotics Intelligence -

- George attended the NIO/Narcotics Warning Meeting on 23 January. Three principal topics were discussed:

25X1

- A worldwide estimate has been scheduled for this summer to address the question of countermeasures being used by narcotics traffickers against the US narcotics effort. The NIO noted that (1) this estimate is being drafted in response to the CIPC's expressed concerns (as reflected in the Follow-up Narcotics Study), and, (2) he had so informed the DCI.

27 January 1986

MEMORANDUM FOR: Chairman, Critical Intelligence Problems Committee  
 SUBJECT: Proposed Topics for CIPC Studies  
 REFERENCE: DCI/ICS 85-3847 dated 21 November 1985

1. I would be interested in the CIPC undertaking a study on the National Foreign Intelligence Program Support to Contingency Operations as well as the Collection Potential of Air-Breathing Systems as the DDCI has suggested. While the subject of Intelligence as a Force Multiplier may be too general for the CIPC to address, it is well worth a solid look particularly as we go into lean budget years and intelligence must struggle to justify itself. If the CIPC is not the appropriate vehicle, perhaps you can find the wherewithal within the IC Staff to address that as a topic.

2. In addition to the above, I think it would be useful for the CIPC to address SDI Intelligence Support [REDACTED]

[REDACTED] as a Case Study of the Political and Economic Aspects of Warning, which would be useful for the Community at large. I believe there is enough attention to the nuclear and CBW threat which already receives high priority in the Community and with the NIOs. Furthermore, the CIA is inundating us with studies on Third World instability and I fear the CIPC would be trespassing on old roads to address that.

  
 William J. Casey
